Climatic Conditions

The 2012 growing season was marked by indifferent weather. The rainy, cold spring was followed by a dry summer, which slowed the vegetative cycle of the vine. Nevertheless, we waited until the first weeks of October to start the harvest. 2012 remains in the memory as an atypical, complicated year where human choices were more important than ever.

Tasting notes

This crimson-coloured 2012 shows aromas of strawberry, raspberry and violet on the nose. The palate, full and rounded, reveals a remarkable balance, supported by good acidity which gives it freshness. An indulgent wine, easy to drink, characterised by its good balance.
